

Links2Care

Shop & Drop Support Program

In a time where everyone is staying home, Links2Care is offering to assist isolated Halton Hills residents who are unable to shop independently and who have no family/friend supports available, with pick-up and delivery of groceries and pharmacy items.

Ideally, you should order and pay in advance directly to the store, but we will accept cash/gift card and a shopping list (with our signed form) and return change as required.
