Save 50% on a MiWay Monthly Pass on PRESTO

Find out if you qualify for the MiWay Affordable Transit Program.

Program overview

The Region of Peel offers a 50% discount on the regular cost of a monthly MiWay transit pass to eligible applicants.

If you qualify for this discount, your spouse and/or any of your dependents who need a MiWay transit pass will also qualify.

Every person who needs this discount must have their own registered PRESTO card before applying. If you do not have a card, you can purchase one from any place they are sold, such as the MiWay Fares booth at the City Centre Transit Terminal, any Mississauga Community Centre, or online at **prestocard.ca**. The initial cost of the card will not be refunded or discounted.

You also need the current **Notice of Assessment (NOA)** for yourself and all applicants over the age of 18. If you do not have your NOA, you can request a replacement from the Canada Revenue Agency (CRA) at 1-800-959-8281, or contact the Region of Peel at 905-793-9200 for assistance.

When your application has been approved, the discount will need to be programmed onto your PRESTO card by MiWay staff at the City Centre Transit Terminal (200 Rathburn Road West). This card setting will allow you to buy a monthly pass at half price for 12 months.

When your approval period ends, the cost of a monthly MiWay transit pass will return to full price.

Here's how to apply:
