

Let us help **you** help them,
the Right way

It's hard watching the people we love struggle with daily living.

Without support, it's also hard to give the people we love all the care they deserve and need. Caring for someone with Dementia poses significant challenges. Right at Home understands these challenges. Our staff is specially trained in Alzheimer's and Dementia care, and is committed to helping you take care of the person behind the disease. Right at Home offers supportive care services including:

Wellness

Companionship -
for loneliness, wandering risk,
and family respite

Homemaking and
Meal Preparation

Physical Assistance

Hygiene and Personal Care

Skilled Nursing

Therapy

**We are committed
to Alzheimer's and
Dementia care.
It's our promise to you.**

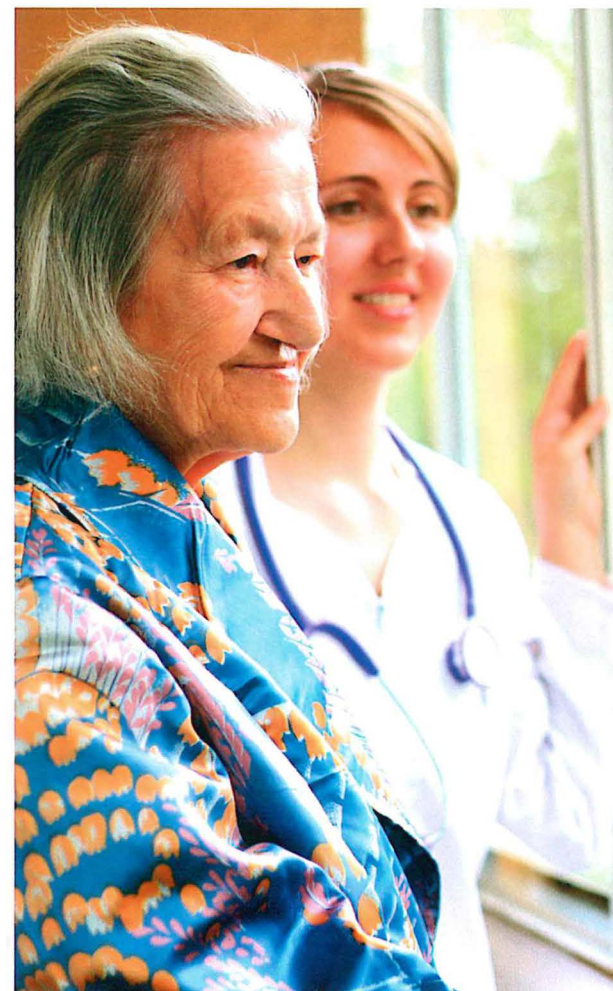

Our Care Planners and Careworkers
are certified in specialized Alzheimer's
and Dementia care. Make the Right choice
for your loved one with Right at Home.

Alzheimer's and Dementia Care

Adding life to years...
it's what we do.

Our caregivers are trained and certified in Alzheimer's and Dementia care

Daily routines were important before the onset of Alzheimer's and Dementia and they are even more important now.

That's why having your loved one able to stay in their home, surrounded by familiar sights and sounds will benefit them immensely. Right at Home will meet with you at home to discuss your needs and the

needs of your loved one. We will review with you all the care options available and will answer all of your questions. We will put together a RightCare Plan designed specifically for your family. It will include everything you need to reduce your stress and concern and everything your loved one needs to ensure their health, well-being, safety and comfort.

COMPASSIONATE, MANAGED CARE MEDICAL AND NON-MEDICAL

Let us make things Right for both of you

Stress and worrying about your loved one can wear you down, and wear your family down. Let Right at Home lift that stress and help you be a loving wife, husband, son or daughter again.

- Consistent care workers and scheduling
- Person-centered, compassionate and safe care
- Care Plans designed for the person behind the disease
- Gentle approach to challenging behaviors
