## Saving you money on healthcare equipment

### How Does Silver Cross Help You Save?

- Suggesting a recycled equipment option when one is available.
- Offering to combine recycled with new equipment if possible.
- Providing rental equipment for short term solutions.
- We'll consider buying back your quality used equipment if your condition or situation changes.

## A wide range of **accessibility and mobility** products

### Stair Lifts

Whether it's a straight-run, multi-level or curved staircase, there's a stair lift system perfect for you. You can count on our experienced team to install your stair lift with care.

### Home Lifts

We sell, install and service indoor and outdoor use home lifts. We offer durable deck lifts for wheelchair or scooter access and have a variety of indoor lift options including through-the-floor lifts.

### Patient Lifts

Whether for short term, or longer term use, count on Silver Cross to provide free-standing or installed ceiling track lifts as well as basic floor lifts that make transfers safer for both the caregiver and user.

### Lift & Recline Chairs

We offer a variety of lift and recline chairs that feature a motorized seat lift for easy in and out. Many clients find these chairs ideal for comfortable sleep positions as well.

### Bathroom Safety

Increase your safety, security and convenience with a variety of products that promote safety and independence in your bathroom.

### Mobility Scooters

Enjoy a trip to the park... get some groceries... whatever your plans, an electric scooter can help make it happen.

### Manual & Power Wheelchairs

Whether you need a simple transport chair for occasional use or a system with advanced positioning and support, we can help. Power wheelchairs benefit those who cannot self-propel.

### Walkers & Rollators

When walking for longer distances becomes a challenge, a walker or rollator can give you the support you need to continue on your way.

### Home Hospital Beds

Silver Cross offers basic to full featured electric homecare beds along with therapeutic mattresses to prevent pressure sores.
