

Monika and the team from Thistlecreek are amazing. Caring and compassionate the PSW's were a godsend for our family. Caring for my Mom with Alzheimer's through the evening, she is a wanderer, gave us all peace-of-mind that she would be safe and not disruptive to other residents in the care home. Highly recommend Thistlecreek. Will certainly use them in the future if the need arises.

Thistlecreek has been tending to my mother-in-law's needs since August 2016. Thistlecreek hires professional ladies who know what it means to care for a senior. We are very happy with the care that is provided and will continue with their services. You will receive great and caring services from the owner to the PSW. Highly recommend them. THANK YOU. These ladies are amazing.

I have nothing but amazing experiences with Thistlecreek. I have a PSW who has been taking care of my 95 year old Mom who has Dementia since mid November. She is an angel sent from heaven and I don't know what we would do without her. I have also had other people from the agency when the PSW cannot make it and they were also very caring people. Going by the experience I have had so far, I would highly recommend this centre. For me definitely 5 ★.
