Canada's Most Dedicated Direct Instruction School!

Proven teaching methods that work.

- Learning is not left to chance.
- Instruction is efficient.
- The consistent use of instructional language makes it easier for the child to follow.
- All students initiate a group response, and they are actively engaged.
- The teacher receives immediate feedback on the group and individuals.
- Increased student success leads to an expectancy of achievement and improved self-esteem.

**Our students
think differently,
and so do we!**
